Official Organ County Commissioners.  
THURSDAY, APRIL 3, 1902

If you can't say a good word for your town talk about something else.

The question naturally arises who knows most about military matters, war and such things: Root, the lawyer, or Miles, the soldier.

Attorney Patrick has been found guilty in New York of the murder of Millionaire Rice. He has taken an appeal to the higher court.

Grover Cleveland, the only living ex-president and the champion of civil service reform, is recuperating on the east coast of Florida.

Cecil Rhodes the diamond king of South Africa is dead. It is said of him, as of Victoria, that his death was caused by the British-Boer war.

Isn't it funny how some men who have all but been thrown into the political game for big stakes finally decide to be satisfied with a small county office.

The Supreme Court of Georgia has decided that the dispensary at Rome is legal and on April 1st the barrooms closed and the dispensary system went into effect.

The Quitman, Ga., Free Press states as a fact that "the prettiest thing in shirt waists this season is the girl in the waist," and we are inclined to fully agree.

The press gang captured Pensacola last week and the hospitality of the good people of that progressive city charmed and delighted the State editors to the fullest extent.

Over in Georgia the primary for the nomination of State officers from Governor down, has been set for June 5th. We again wish Col. Estill success in his race for the governorship.

The annual re-union of the Confederate Veterans will be held at Dallas, Texas, in May. It is stated that New Orleans will make a determined effort to secure the re-union of 1903.

Commissioner of Pensions Evans has placed his resignation in the hands of the President, but, it is stated, the same will not be accepted until some important place is found for him in the diplomatic service.

The Tallahassee Daily Capital will be mailed each publication day from the time subscription is received until November for the small sum of two dollars. The Capital has unusual facilities for obtaining exclusive and accurate political information and the news will be dished up in Russ' most charming style. Send in your two dollars and receive the paper until the election.

**BANNER SALVE**  
the most healing salve in the world.

Candidate Lamar was over in Escambia last week—the home of his opponent—while candidate Beard was "shelling the woods." of Leon, Jefferson and Madison counties where the Lamar forces are strongly entrenched.

**Saved Many a Time.**  
Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. W. B. Davis.

It is to the credit of President Roosevelt that he will visit the Charleston exposition next week and present a sword to Major Jenkins, and equally creditable to the people of South Carolina that they give him the opportunity. Lieutenant-Governor Tillman of that State should forthwith proceed to take a long step back and sit down.

**Wants To Help Others.**  
"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's ease. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat. W. B. Davis.

That was a sure enough bomb which Representative Richardson of Tennessee, democratic leader, exploded in the House last week when he charged that a corruption fund of half a million dollars had been expended by an agent of the Danish government to secure the purchase by the United States of the Danish West Indies. It is to be hoped that the matter will be rigidly investigated.

**The Great Dismal Swamp.**  
Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. B. F. Moseley guarantees satisfaction.

The Crumpacker resolution is still hanging fire before the committee on Privileges and Elections. The object of this bill is simply to reduce the representation of the South in Congress and smacks very much of the old force bill, and of course will be met with the strongest opposition from the democrats. Business men of the north look upon it with distrust. Its passage will put the republicans in a hole from which they cannot recover, if its advocacy so far has not already done so.

**BETTER THAN PILLS.**  
The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale by all Druggists.

**BEAUTY AND STRENGTH.**  
Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women fail to properly digest their food, and so become pale, thin and weak, while the bright, fresh, and beautiful complexion, and complexions, depart. Remedy this unpleasant evil, by eating non-frying food, and taking a small dose of Herbin after each meal, to digest what you have eaten. 50c at D. G. Smith's.

The Scientific American gives this recipe which the whole world should know: At the first indication of diphtheria in the throat make the room close, then take a teacup and pour into it an equal quantity of turpentine and tar, then hold the cup over the fire so as to fill the room with the fumes. The person inhaling the fumes will cough out the membranous matter and diphtheria will pass off. The fumes of tar and turpentine loosen the throat and thus afford the relief that has baffled the skill of physicians.

**Wields A Sharp Ax**  
Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing too. Stomach, Liver and Bowel troubles—Dyspepsia, Loss of Appetite, Jaundice, Biliousness, Fever, Malaria, all fall before these wonder workers. 25c at B. F. Moseley's.

A personal letter from Hon. Jefferson B. Browne, of Key West, informs us that he expects to be a candidate before the democratic primary for the position of Railroad Commissioner, and in support of his candidacy states that Key West, one of the largest cities in the State, has been signally neglected in the distribution of State offices. That city has never been honored with a nomination of a governor, U. S. Senator, Congressman, Justice of the Supreme Court or a cabinet officer. To these inducements Mr. Brown adds that he has always resided at Key West where there is no railroad, and he would, "if elected, go upon the board without any personal grievance against the railroads to settle, or any favors to return." These are excellent reasons, all, and couple with them the fact that Mr. Brown is a lawyer of ability and a man of rugged honesty and highest sense of honor they should be sufficient to secure for him the coveted nomination.

**A Nearly Fatal Runaway**  
Started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Bucklen's Arnica Salve cured him. Just as good for Boils, Burns, Bruises, Cuts, Corns, Scalds, Skin Eruptions and Piles. 25c at B. F. Moseley's drug store.

**SAFES**  
...AND...  
**VAULTS.**  
We regard the solidity of safes and vaults of great importance: and have, therefore, devoted much thought, care, and large sums of money, in making this portion of our outfit abundantly secure.  
**Madison County State Bank**  
Madison, - Florida.

The Times Union and Citizen declares that "doubt is still felt as to the location of the State fair." Not at all. That notable agricultural function is next to be held in Tallahassee. We thought everybody knew that. Capital. Glad to hear you talk so confidently, Bro. Russ. We didn't know it, but all the same we truly hope you are not singing through your hat. Tallahassee ought to have it—as Madison won't—and we want it and must have it in this section of the State.
